PLACING DIRECT AND LONG DISTANCE CALLS

WITHIN YOUR LOCAL AREA:

- Dial 9 + the telephone number

LONG DISTANCE CALL PROCEDURES:

1. Attempt to dial the number on your phone. The current local call area is more expansive than in the past.
2. If you are unable to complete the call, please call the Office Professional (OPT) servicing your area. Non-instructional staff should contact the appropriate Dean's office for call assistance.
3. Provide the OPT with the number you wish to dial.
4. Remain on the line while the OPT processes the call with the appropriate authorization code. Authorization code calls will be monitored at the division level.
5. Staff needing to make a long distance call in the evening or Saturday mornings in areas where clerical support is not available should be referred to the Part-time Faculty Commons (LA 178) at ext. 5009.

If you have any questions or need assistance on the current telephone system, please call the Helpdesk at 973-3456.

FAX NUMBER INFORMATION:

When using any of the FAX numbers in the Staff Directory, please use a cover sheet and list the following:

- name of the receiver;
- name of the sender; and
- other special instructions.

When you ask someone off-campus to send you information, it is **especially important** to have them use a cover sheet and list the following:

- name of the receiver, along with **campus location** and **phone number**;
- name of the sender, along with address and phone; and
- other special instructions.

NOTE: Transmittal of a FAX is private and may contain confidential and/or legally privileged information. It is very important to have specific routing information on the cover sheet in order to forward the FAX to the proper office. Otherwise your FAX may be lost. Also remember that it is intended only for the use of the person to whom it is addressed. If you are not the intended recipient, please notify the sender immediately.

VOICE MESSAGING:

Washtenaw Community College has a voice messaging system. This system is simple yet powerful and capable of greeting callers and recording messages. Quick and easy to use, it allows you to control how your "mailbox" takes messages and plays them back, among other choices.
